Dear Adrien and Florentin,

Re: UEMS-SMG: ECMGG 2021 MCQ paper

On behalf of the UEMS Section of Medical Genetics, and the Examination Committee, we write to express our thanks to you both, and CYIM, for the performance of the digital examination platform at the first online ECMGG on June 18th. It was a pleasure to engage with you as business partners; you were always committed, efficient, approachable, and responsive. At the conclusion of the examination the outcome, both from our perspective and we believe that of the candidates, has been excellent.

We hope very much that our experience this year lays a solid foundation for future collaboration as we intend to deliver the ECMGG online for the immediate, and possibly long term, future. We will be more than willing to recommend CYIM to other organisations who seek a partner for similar projects.

With sincere thanks and best wishes,

Peter Turnpenny
Secretary
