

ECMGG Examination Group Members (January 2021)

The Examination Group currently consists of the following individuals, most of whom have been regular attendees of the examination workshops, for all or part of the period 2017-20. Coordination of the workshops was largely undertaken by PT. Question writing technique and standard-setting expertise was largely provided by JB, who is now Chair of the Examination Group. UK coordinated recruitment of external examiners for the inaugural exam in 2019, a task which has now passed to EB. The [exam website](#) was assembled by ET with the help of his son Adam.
